## **Options, Futures, and Other Derivatives (Global Edition)** John C Hall

8th Edition. Global Version. Bridge the gap between theory and practice. Designed to bridge the gap between theory and practice, this introductory text on the futures and options markets is ideal for those with a limited background in mathematics. The eighth edition has been updated and improved—featuring a new chapter on securitization and the credit crisis, and increased discussion on the way commodity prices are modeled and commodity derivatives valued. This global version has the same content as the US version ISBN 0132777428.
