Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence)

Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence)

This volume gathers the peer reviewed papers presented at the 4th edition of the International Workshop “Service Orientation in Holonic and Multi-agent Manufacturing – SOHOMA’14” organized and hosted on November 5-6, 2014 by the University of Lorraine, France in collaboration with the CIMR Research Centre of the University Politehnica of Bucharest and the TEMPO Laboratory of the University of Valenciennes and Hainaut-Cambrésis.

The book is structured in six parts, each one covering a specific research line which represents a trend in future manufacturing: (1) Holonic and Agent-based Industrial Automation Systems; (2) Service-oriented Management and Control of Manufacturing Systems; (3) Distributed Modelling for Safety and Security in Industrial Systems; (4) Complexity, Big Data and Virtualization in Computing-oriented Manufacturing; (5) Adaptive, Bio-inspired and Self-organizing Multi-Agent Systems for Manufacturing and (6) Physical Internet Simulation, Modelling and Control.

There is a clear orientation of the SOHOMA’14 workshop towards complexity, which is a common view of all six parts. There is need for a framework allowing the development of manufacturing cyber physical systems including capabilities for complex event processing and data analytics which are expected to move the manufacturing domain closer towards cloud manufacturing within contextual enterprises. Recent advances in sensor, communication and intelligent computing technologies made possible the Internet connectivity of the physical world: the Physical Internet, where not only documents and images are created, shared, or modified in the cyberspace, but also the physical resources and products interact over Internet and make decisions based on shared communication.

From reader reviews:

Diane Dean:

Why don't make it to be your habit? Right now, try to prepare your time to do the important take action, like looking for your favorite book and reading a publication. Beside you can solve your condition; you can add your knowledge by the reserve entitled Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence). Try to stumble through book Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence) as your close friend. It means that it can for being your friend when you really feel alone and beside those of course make you smarter than ever before. Yeah, it is very fortunate for you. The book makes you a lot more confidence because you can know every little thing by the book. So , we should make new experience in addition to knowledge with this book.

Janet Roldan:

The actual book Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence) will bring you to the new experience of reading a book. The author style to describe the idea is very unique. In the event you try to find new book to read, this book very suitable to you. The book Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence) is much recommended to you you just read. You can also get the e-book from your official web site, so you can quickly to read the book.

Katherine Belcher:

The publication with title Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence) includes a lot of information that you can discover it. You can get a lot of profit after read this book. This book exist new knowledge the information that exist in this guide represented the condition of the world now. That is important to yo7u to find out how the improvement of the world. This specific book will bring you with new era of the syndication. You can read the e-book with your smart phone, so you can read the item anywhere you want.

Karen Saldivar:

A number of people said that they feel fed up when they reading a guide. They are directly felt the item when they get a half parts of the book. You can choose the actual book Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence) to make your reading is interesting. Your own personal skill of reading ability is developing when you similar to reading. Try to choose straightforward book to make you enjoy to study it and mingle the impression about book and examining especially. It is to be very first opinion for you to like to open a book and go through it. Beside that the publication Service Orientation in Holonic and Multi-agent Manufacturing (Studies in Computational Intelligence) can to be your new friend when you're really feel alone and confuse using what must you're doing of the time.
