The Truth

Neil Strauss

The Truth Neil Strauss

From the author of the blockbuster best seller *The Game*: a shockingly personal, surprisingly relatable, brutally honest memoir in which the celebrated dating expert confronts the greatest challenge he has ever faced: monogamy and fidelity.

Neil Strauss became famous to millions around the world as the author of *The Game*, a funny and slyly instructive account of how he transformed himself from a scrawny, insecure nerd into the ultraconfident, ultrasuccessful "pickup artist" known as Style. The book jump-started the international "seduction community" and made Strauss a household name - revered or notorious - among single men and women alike.

But the experience of writing *The Game* also transformed Strauss into a man who could have what every man wants: the ability to date - and/or have casual sex with - almost every woman he met. The results were heady, to be sure. But they also conditioned him to view the world as a kind of constant parade of women, sex, and opportunity - with intimacy and long-term commitment taking a backseat.

That is until he met the woman who forced him to choose between herself and the parade. The choice was not only difficult, it was wrenching. It forced him deep into his past, to confront not only the moral dimensions of his pickup lifestyle but also a wrenching mystery in his childhood that shaped the man he became. It sent him into extremes of behavior that exposed just how conflicted his life had become. And it made him question everything he knew about himself, and about the way men and women live with and without each other.

He would never be the same again.

Searingly honest, compulsively listenable, this new book may have the same effect on you.

From reader reviews:

Christine Willis:

What do you with regards to book? It is not important along? Or just adding material when you want something to explain what you problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Every individual has many questions above. They have to answer that question since just their can do which. It said that about reserve. Book is familiar in each person. Yes, it is appropriate. Because start from on pre-school until university need this particular The Truth to read.

Laquita Horton:

Do you have something that you prefer such as book? The publication lovers usually prefer to pick book like comic, limited story and the biggest one is novel. Now, why not seeking The Truth that give your entertainment preference will be satisfied simply by reading this book. Reading addiction all over the world can be said as the means for people to know world considerably better then how they react when it comes to the world. It can't be said constantly that reading behavior only for the geeky particular person but for all of you who wants to always be success person. So , for all you who want to start examining as your good habit, it is possible to pick The Truth become your own starter.

Mamie Crossett:

Do you like reading a publication? Confuse to looking for your chosen book? Or your book was rare? Why so many issue for the book? But any people feel that they enjoy intended for reading. Some people likes reading, not only science book but also novel and The Truth or perhaps others sources were given expertise for you. After you know how the fantastic a book, you feel want to read more and more. Science guide was created for teacher or maybe students especially. Those textbooks are helping them to add their knowledge. In additional case, beside science guide, any other book likes The Truth to make your spare time a lot more colorful. Many types of book like this one.

Sylvia Ferland:

A lot of guide has printed but it is unique. You can get it by net on social media. You can choose the very best book for you, science, comedy, novel, or whatever simply by searching from it. It is identified as of book The Truth. You can add your knowledge by it. Without leaving the printed book, it can add your knowledge and make a person happier to read. It is most important that, you must aware about reserve. It can bring you from one spot to other place.
