Sam: A Political Philosophy

William John Cox

Sam: A Political Philosophy William John Cox

Not since Ayn Rand's *Atlas Shrugged* has a political philosophy been so strongly presented by fictional characters. *Sam*—a far more optimistic view of the human condition—illuminates an enlightened path to the stars and beyond.

Sam, a homeless veteran, bites off and swallows a finger every day to dramatically demonstrate his abhorrence of war and the idiots who glorify it.

His ordeal goes viral as it is covered by a political columnist, who reports the mutilations and what Sam has to say each day about war, government, and corrupt officials.

Aided by Aileana, a retired Navy nurse who cares for Sam, they write a social and political philosophy covering a wide range of issues, about which Sam offers a depth of wisdom from "outside the box."

The writing collaboration becomes a love story, as Sam and Aileana marry and strive together to make the world a better place for their daughter and all those who share it.
