Stanley Kubrick: A Life in Pictures Christiane Kubrick

One of the great film directors of our time, Stanley Kubrick had a profound influence on motion pictures. He was a notoriously private man, rarely granting interviews. For the first time, his life will be portrayed in over 200 images from film, photographs, and the words and full-color paintings of Christiane Kubrick, his wife for over 42 years. Never before seen photographs offer a unique perspective on a man, his times, and his films—from his very first, *Day of Flight* (1950), through to his last and unrealized project, finished by Steven Spielberg, *A.I.* (2001). **STANLEY KUBRICK: A Life in Pictures** explores the many and varied aspects of its subject—the director, the producer, the photographer, the writer and, not least of all, the man himself.
