The True Account of Adam & Eve Ken Ham

Where mankind's history began impacts how our future will end!

- The biblical answer to the question: Were Adam and Eve real people or just generic references for all of mankind?
- Explains the connection between original sin and the gospel
- Emphasizes the importance of Adam and Eve as literal history to young and old alike

When you unlock the door to biblical compromise, the door gets pushed open wider with each generation. The Church is now debating the validity of Genesis as actual history, the reality of hell itself, and even if Adam was a real person. Trying to change the biblical time-line to fit with the secular concepts of millions of years has led many in Christian academia to reject the literal interpretation of the Bible itself. Perfect for children, the book helps them discover the truth about the first man and woman, and how their disobedience led to the need for Jesus Christ.
