Dreams, A Portal to the Source Edward C. Whitmont, Sylvia Brinton Perera

Natural and necessary expressions of the life force, dreams provide access into unconscious areas of life. They give specific and appropriately timed messages which can assist the dreamer with problem solving, artistic inspiration, psychological development, and spiritual deepening. They are also important for healing. To the therapist every dream reveals information about past and present psychic structures or complexes of the dreamer, and tells about psychological dynamics and developmental capacities. It reveals the dreamer's relations to the spiritual and personal dimensions of life, to the Self, and to archetypal images and drives. In *Dreams, A Portal to the Source* Edward C. Whitmont and Sylvia Brinton Perera, both leading Jungian analysts, provide an extensive guide to dream interpretation. Practical in approach, it is designed primarily for psychoanalysts and therapists who wish to integrate dream interpretation into their clinical practice. Among the topics covered are the language of dream images; the interplay between archetypal and personal levels; the dream's dramatic structure; and body imagery in dreams

From reader reviews:

Cheryl Stone:

Have you spare time for any day? What do you do when you have considerably more or little spare time? Sure, you can choose the suitable activity with regard to spend your time. Any person spent their spare time to take a walk, shopping, or went to the Mall. How about open or even read a book entitled Dreams, A Portal to the Source? Maybe it is to become best activity for you. You realize beside you can spend your time with your favorite's book, you can more intelligent than before. Do you agree with it is opinion or you have other opinion?

Clarence Lowery:

Book is to be different for each grade. Book for children until eventually adult are different content. As you may know that book is very important for us. The book Dreams, A Portal to the Source had been making you to know about other know-how and of course you can take more information. It is rather advantages for you. The book Dreams, A Portal to the Source is not only giving you considerably more new information but also to become your friend when you really feel bored. You can spend your spend time to read your book. Try to make relationship while using book Dreams, A Portal to the Source. You never really feel lose out for everything in case you read some books.

Jimmy Martinez:

Reading a guide tends to be new life style within this era globalization. With reading you can get a lot of information that can give you benefit in your life. Using book everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire their reader with their story or maybe their experience. Not only the storyplot that share in the publications. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors in this world always try to improve their skill in writing, they also doing some exploration before they write on their book. One of them is this Dreams, A Portal to the Source.

Herbert Knight:

A lot of people always spent their particular free time to vacation or perhaps go to the outside with them family or their friend. Do you realize? Many a lot of people spent that they free time just watching TV, as well as playing video games all day long. In order to try to find a new activity that's look different you can read the book. It is really fun for yourself. If you enjoy the book that you read you can spent the whole day to reading a publication. The book Dreams, A Portal to the Source it is rather good to read. There are a lot of individuals who recommended this book. These were enjoying reading this book. If you did not have enough space to deliver this book you can buy the actual e-book. You can m0ore simply to read this book through your smart phone. The price is not very costly but this book provides high quality.
