**From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics** William Bragg Ewald

Immanuel Kant's *Critique of Pure Reason* is widely taken to be the starting point of the modern period of mathematics while David Hilbert was the last great mainstream mathematician to pursue important nineteenth century ideas. This two-volume work provides an overview of this important era of mathematical research through a carefully chosen selection of articles. They provide an insight into the foundations of each of the main branches of mathematics - algebra, geometry, number theory, analysis, logic, and set theory - with narratives to show how they are linked.

Classic works by Bolzano, Riemann, Hamilton, Dedekind, and Poincare are reproduced in reliable translations and many selections from writers such as Gauss, Cantor, Kronecker, and Zermelo are here translated for the first time. The collection is an invaluable source for anyone wishing to gain an understanding of the foundation of modern mathematics.

### **From reader reviews:**

#### **Michael Cooke:**

Do you certainly one of people who can't read pleasurable if the sentence chained within the straightway, hold on guys this kind of aren't like that. This From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics book is readable simply by you who hate the straight word style. You will find the data here are arrange for enjoyable examining experience without leaving perhaps decrease the knowledge that want to supply to you. The writer of From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics content conveys the idea easily to understand by most people. The printed and e-book are not different in the content material but it just different in the form of it. So , do you nevertheless thinking From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics is not loveable to be your top list reading book?

#### **Amelia Gallup:**

This From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics are generally reliable for you who want to become a successful person, why. The main reason of this From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics can be one of many great books you must have is giving you more than just simple examining food but feed a person with information that possibly will shock your before knowledge. This book will be handy, you can bring it all over the place and whenever your conditions in e-book and printed types. Beside that this From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics giving you an enormous of experience for instance rich vocabulary, giving you trial run of critical thinking that we know it useful in your day action. So , let's have it appreciate reading.

#### **Henry McMahan:**

A lot of people always spent their free time to vacation or maybe go to the outside with them family members or their friend. Do you know? Many a lot of people spent they free time just watching TV, or playing video games all day long. If you want to try to find a new activity that's look different you can read any book. It is really fun in your case. If you enjoy the book you read you can spent all day every day to reading a guide. The book From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics it is quite good to read. There are a lot of individuals who recommended this book. These people were enjoying reading this book. In the event you did not have enough space to develop this book you can buy the actual e-book. You can m0ore very easily to read this book through your smart phone. The price is not too costly but this book provides high quality.

#### **Jeremy Bryant:**

Reading can called brain hangout, why? Because if you find yourself reading a book mainly book entitled From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics your brain will drift

away through every dimension, wandering in each aspect that maybe mysterious for but surely might be your mind friends. Imaging just about every word written in a e-book then become one contact form conclusion and explanation this maybe you never get before. The From Kant to Hilbert Volume 1: A Source Book in the Foundations of Mathematics giving you a different experience more than blown away the mind but also giving you useful info for your better life within this era. So now let us demonstrate the relaxing pattern here is your body and mind is going to be pleased when you are finished reading it, like winning a. Do you want to try this extraordinary investing spare time activity?
