The Collapse of Middle East Peace: The Rise & Fall of the Oslo Peace Accords Dennis Deeb II

In this fast-paced, well-researched work, author Dennis "D.J." Deeb objectively traces the rise and fall of the Oslo Peace Accords between the Israelis and the Palestinians. What went wrong with peace? This work analyzes Israeli leader Ariel Sharon's statements and past record as a military and government leader with regards to the Peace Process. Deeb also discusses the corruption within the Palestinian Authority that has hindered the peace process, including the mismanagement of Palestinian Authority President Yasir Arafat. The author examines and supports what has become known as "The Mitchell Report," released in the spring 2001, in offering a lasting peace between Israelis and Palestinians. He also considers and evaluates the recent Road Map To Peace proposal offered by President George W. Bush in the spring of 2003. Since 1993, both Israeli and Palestinian leaders have failed to implement and have violated provisions of the Oslo Accords. As the late Israeli Prime Minister Yitzhak Rabin, who gave his life in the name of peace, and to whom this writing is dedicated, articulated so clearly during the signing of the Oslo Accords, "enough blood and tears." Finally, Deeb argues that the intent behind the Oslo Accords encompass the link between the end of war and the era of peace, that the Israelis and Palestinians should both return to the table for negotiations based upon the recommendations of "The Mitchell Report" and the Quartet Road Map To Peace to negotiate a final and lasting settlement rooted in the Oslo Peace Accords.
