Being Church, Doing Life: Creating Gospel Communities Where Life Happens Michael Moynagh

Church is now a fluid concept, no longer identifiable by buildings and congregations on Sunday mornings. There is an increasing interest in new forms of church that address the different ways to meet the needs of specific neighborhoods and people groups.

In the UK, these new forms of church have been pioneered by the national Fresh Expressions movement, a remarkable initiative that has attracted widespread attention around the world. Author Michael Moynagh gathers his experience as a member of Fresh Expressions and distills it into practical and comprehensive advice on how to start and grow new churches—however small—in every context of life.

Based on the work in his seminal textbook *Church for Every Context* (SCM), this inspiring introduction to contextual church emphasizes practical aspects, telling many of the great stories that have emerged through practitioners. It will enthuse and help church leaders and individuals to start and develop these communities, and advise them on how to help them grow to maturity and become sustainable.
