Making use of the latest technology such as drones and quad bikes, blended with Special Forces traditional skills to continue the fight against extremism and rescue a beleaguered local populace. As part of Task Force Black the SAS, SBS, Delta Force and SEAL team six take on a dangerous adversary. U.S Special Forces have fought some of their bloodiest battles since Vietnam on the streets of Ramadi and Fallujah. In October 2015, Delta Force lost its first operator during a daring raid to free 70 Iraqi hostages. November 2015 saw the notorious 'Jiahadi John' eliminated by a drone attack.

ISIS has become synonymous with its vicious behaviour following beheadings, crucifixions, stonings, massacres, burying victims alive and religious and ethnic cleansing. IS adheres to a doctrine of war without any limits or constraints. They do not believe in arbitration or compromise when it comes to settling disputes. The tragedy at Charlie Hebdo magazine in Paris in which 12 innocents were brutally murdered and the even more devastating attack November 2015 by radical extremists. Shows the clear and present danger these extremists pose to world security. Follow the search for Mohammed Emwazi, a British citizen also known as 'Jihadi John' who grew up in west London and fled to Syria under the noses of MI5 in 2012. ISIS dawn covers the rise ISIS and the special forces battle to combat them in this exciting account that gives the background to another chapter of the GWOT.

Note: Sadly, this book, like other Steve Stone books has become a victim of malicious reviews.
