The Option Trader's Hedge Fund: A Business Framework for Trading Equity and Index Options

Dennis A. Chen, Mark Sebastian

In this book, a hedge fund manager and an option trading coach show you how to earn steady, reliable income selling options by managing your option trades and running your option portfolio as a real business with consistent, steady returns. Packed with real-world examples, the authors show you how to manage your own “one man” hedge fund and make consistent profits from selling options by applying the basic framework and fundamental business model and principles of an “insurance company”. This framework helps you to apply your option trading strategy to a solid, predictable, business model with consistent returns. For someone who has some knowledge of trading options and wants to become a consistent income earner. The authors provide a complete “operations manual” for setting up your business. Gain pearls of wisdom from both a professional options trader and coach, and from a hedge fund manager focused on managing an options based portfolio.

Eunice Nunn:

As a student exactly feel bored to reading. If their teacher expected them to go to the library or make summary for some book, they are complained. Just minor students that has reading's internal or real their interest. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach

Chinese's country. Therefore , this The Option Trader's Hedge Fund: A Business Framework for Trading Equity and Index Options can make you really feel more interested to read.
