This book, *Addiction to Recovery: Unlocking Your Potential*, is an accumulation of existential realization, many resources, years of recovery, education, insights, and years working in the field of addiction, with all adepts in the goal of personal transformation from addiction to recovery. This is an integrative approach to living in wellness of recovery. I vacated my own mind through deep personal process, my own form of meditation, and this book came about. My hope is this book unlocks the potential that advances new insight into the recovery process for each individual by reframing the process in such a way that the right interpretation by the reader will help recovery click into place. What we need to celebrate in recovery is the self-discovery of the individual. I offer my carefully considered overviews and assessments on the best-known treatments (theories) connected to recovery. I have provided a new outlook as a guide for the unwary who had failed at recovery in the past and those just coming into recovery for the first time. I count myself among the autodidacts, the self-taught perpetual student fueled by a passion for new answers and a sense of mission.
