Mandatory Package: Loose Leaf for Introduction to Operations Research with Access Card for Premium Content Frederick Hillier

For over four decades, *Introduction to Operations Research* by Frederick Hillier has been *the* classic text on operations research. While building on the classic strengths of the text, the author continues to find new ways to make the text current and relevant to students. One way is by incorporating a wealth of state-of-the-art, user-friendly software and more coverage of business applications than ever before. The hallmark features of this edition include clear and comprehensive coverage of fundamentals, an extensive set of interesting problems and cases, and state-of-the-practice operations research software used in conjunction with examples from the text. The tenth edition includes new section and chapters, updated problems, and state-of-the-practice operations research software used in conjunction with the examples from the text.

McGraw-Hill is proud to offer Connect with the tenth edition of Hillier's, *Introduction to Operations Research*. This innovative and powerful system helps your students learn more efficiently and gives you the ability to customize your homework problems simply and easily. Track individual student performance - by question, assignment, or in relation to the class overall with detailed grade reports. Connect provides students with all the advantages of Connect, plus 24/7 access to an eBook. Hillier's *Introduction to Operations Research*, tenth edition, includes the power of McGraw-Hill's LearnSmart--a proven adaptive learning system that helps students learn faster, study more efficiently, and retain more knowledge through a series of adaptive questions. This innovative study tool pinpoints concepts the student does not understand and maps out a personalized plan for success.

From reader reviews:

Gladys James:

Reading a guide can be one of a lot of exercise that everyone in the world enjoys. Do you like reading book therefore. There are a lot of reasons why people love it. First reading a guide will give you a lot of new info. When you read a e-book you will get new information due to the fact book is one of a number of ways to share the information or perhaps their idea. Second, reading through a book will make a person more imaginative. When you examining a book especially fictional book the author will bring you to imagine the story how the figures do it anything. Third, you could share your knowledge to other people. When you read this Mandatory Package: Loose Leaf for Introduction to Operations Research with Access Card for Premium Content, you can tells your family, friends along with soon about yours book. Your knowledge can inspire the mediocre, make them reading a publication.

Jeffrey Drake:

Precisely why? Because this Mandatory Package: Loose Leaf for Introduction to Operations Research with Access Card for Premium Content is an unordinary book that the inside of the book waiting for you to snap the item but latter it will distress you with the secret the idea inside. Reading this book beside it was fantastic author who all write the book in such amazing way makes the content on the inside easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This book will give you a lot of gains than the other book possess such as help improving your skill and your critical thinking method. So , still want to hold off having that book? If I have been you I will go to the book store hurriedly.

Athena Thornton:

Do you really one of the book lovers? If so, do you ever feeling doubt while you are in the book store? Try and pick one book that you never know the inside because don't evaluate book by its handle may doesn't work at this point is difficult job because you are frightened that the inside maybe not as fantastic as in the outside search likes. Maybe you answer can be Mandatory Package: Loose Leaf for Introduction to Operations Research with Access Card for Premium Content why because the fantastic cover that make you consider in regards to the content will not disappoint you actually. The inside or content is fantastic as the outside or maybe cover. Your reading 6th sense will directly show you to pick up this book.

Tanya McNeil:

Do you like reading a reserve? Confuse to looking for your favorite book? Or your book seemed to be rare? Why so many query for the book? But virtually any people feel that they enjoy intended for reading. Some people likes examining, not only science book and also novel and Mandatory Package: Loose Leaf for Introduction to Operations Research with Access Card for Premium Content or perhaps others sources were given knowledge for you.
