Conquer Tinder: The Official Tinder Playbook Chris Harders

How to quickly and easily meet girls on Tinder...

Stop being clever, stop getting creative, use my proven system to get what you want even if you have abysmal social skills and look like a troll...

My strategy has gotten me laid, my wings laid, and most importantly my readers laid! The strategy takes the guess work out of messaging with simple yet effective messages that aren't: creepy, weird, out-of-the-ordinary, or incongruent with who you are.

Dear reader,

When I first heard about Tinder, I was excited. I had been going out to the bars and clubs for some time and had good results, but sometimes I just wasn't feeling it and I wanted to do something else. Tinder seemed like a great way to get tons of dates while I was just going about my day. Only thing was, I had NO CLUE what I was doing, so I treated Tinder the same way I did with online dating, and I FAILED MISERABLY!!!

And I'll be honest, it was embarrassing. So, I gave up. I thought, "Who cares?" and I just started messaging whatever I felt like. Here's the weird thing... Everything started to fall into place! I started getting more responses... I started getting more dates... I started getting laid...

That's when I figured it out...

It turned out, getting dates with girls on Tinder
-had nothing to do with my tagline
-it had nothing to do with how you looked
-it had nothing to do with messaging her about her profile....

In fact, it was even easier than what I had realized!! I started getting more dates by THINKING LESS! I started copying and pasting the same messages to girl after girl, and I got more dates!!

I learned the 1 line that ALWAYS got a phone number.

I figured out how to set things up so I never got turned down for a date. It was crazy!!

I started by sharing the strategy with my friends. First, I was just messaging the girls for them. Eventually, that got too tiring, so I broke down the exact strategy to use.

Their results went through the roof.

Now, you have the book available for you. If you've had trouble in the past with Tinder, if you've been disappointed by other so called gurus who just gave you a rehash of other dating advice with no actionable items, if you're ready to actually get results, this is your product.

Not only have I described the strategy I've used to get results, but I've opened up my entire profile for you to view. Every picture I used, I explain why. I explain why I text the way I do, and I've even included 5 complete conversational threads with line-by-line explanations of why I said what I said.

I want you to succeed and I am confident this strategy guide truly is one-of-a-kind. There is no book as complete and easily comprehensible about Tinder (I've checked).

If you're ready to get Tinder handled and start getting the women you want into your bed, skip 1 night out and read this book instead. You'll have plenty more opportunities to meet gorgeous women when you start taking advantage of the strategies I lay out.

Sincerely,

Chris Harders

P.S. There's nothing to consider, read the book. If you're not happy with it for any reason, I'll give you a refund no questions asked.
