**There's always a choice.**

Haedyn chooses to survive. As the last Unnamed, a species mistakenly created from angels and demons, she is an abomination to both the human and supernatural worlds. If survival means being the favorite servant of the demon Azazel, it's a choice she can live with. Until she meets Lex.

Former investigative reporter, Lex Carter knows more than the average human - he saw his brother murdered by vampires. Now he's dedicated his life to learning everything there is to know about monsters, how to kill them, and what happens to their victims. But when he's kidnapped by a super-human albino who claims she's protecting him, he realizes that not all supernatural creatures are monsters and there may be one that's worth saving.

Together, they just might be able to discover the truth about Haedyn's past and free her from Azazel's bonds. But will she still choose to survive when it means risking the souls of those she loves?

Haedyn's Choice is Book 1 of the dark paranormal romance series, The Haedyn Chronicles.
