## **Body Magic** John Fisher

Would you believe that you could ask a full-grown man to hold a penny for you and then tell him to drop it and finds he can't, hard as he may try?

In what is undoubtedly the most original magic book of our time, John Fisher shows the reader how, with minimal practice, he can use the marvels of the human body to entertain and mystify friends and family, small and large audiences.

This book is first of all a delight to read because of the instant education it provides us with about the unknown powers we have in our hands, our eyes, our noses, and our incredible nervous system. In each case, Mr. Fisher shows the easy-to-grasp principle first and then how to put the principle to work in actual tricks. Most magic books require a great deal of study and dexterity. This one enables you to entertain people even before you have finished the book. Moreover, you never have to worry about being prepared, because you always have with you all the miraculous things you need—your hands, your eyes, and the rest of your body.
