Here is the thing about questions: they expose more about the inquirer than they do about the one being queried. If you pay attention, the questions a woman asks will point directly to some of her deepest longings and also reveal some of what she desires most from a man. With this book as a guide, we hope that men and women can move beyond the question of "Why are women the way they are?" to see the authentic heart of a woman. A companion book to "*Yup.*" "*Nope.*" "*Maybe.*" the book for women. Contains a group study guide.
