While meditating in her garden, Jessica, a middle-aged woman, happens upon Mabel. One of the many fairies who have been assigned to care for all of the plants, stones, and insects in Jessica's garden, Mabel introduces Jessica to a whole new world-one in which elves have a pot of gold at the end of a rainbow and where the spirits of trees and rocks can communicate with people. But none of these magical creatures is prepared for what happens when an oil drill hits a dragon living underground. The dragon becomes so enraged that he escapes from his lair in a subterranean cave and enters the human world. Jessica knows that many people are in great danger, but she doesn't know how to help. And for quite some time, no one believes that the dragon is real. Luckily, a grizzly bear and mysterious beings try to return the threatening dragon to its home. Full of fantastic creatures and fueled by imagination, Fairies in My Garden is a wonderful story that will introduce you to a multidimensional world where anything is possible.
