The Economics of Poverty: History, Measurement, and Policy

Martin Ravallion

The Economics of Poverty: History, Measurement, and Policy Martin Ravallion

There are fewer people living in extreme poverty in the world today than 30 years ago. While that is an achievement, continuing progress for poor people is far from assured. Inequalities in access to key resources threaten to stall growth and poverty reduction in many places. The world's poorest have made only a small absolute gain over those 30 years. Progress has been slow against relative poverty as judged by the standards of the country and time one lives in, and a great many people in the world's emerging middle class remain vulnerable to falling back into poverty.

The Economics of Poverty reviews critically past and present debates on poverty, spanning both rich and poor countries. The book provides an accessible new synthesis of current economic thinking on key questions: How is poverty measured? How much poverty is there? Why does poverty exist, and is it inevitable? What can be done to reduce poverty? Can it even be eliminated? The book does not assume that readers know economics already. Those new to the subject get a lot of help along the way in understanding its concepts and methods. Economics lives through its relevance to real world problems, and here the problem of poverty is both the central focus and a vehicle for learning.

From reader reviews:

Elizabeth Parker:

What do you about book? It is not important along? Or just adding material when you want something to explain what the ones you have problem? How about your free time? Or are you busy particular person? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Everybody has many questions above. They have to answer that question because just their can do which. It said that about guide. Book is familiar in each person. Yes, it is suitable. Because start from on guardería until university need this specific The Economics of Poverty: History, Measurement, and Policy to read.

Agatha Draper:

A lot of people always spent all their free time to vacation or go to the outside with them household or their friend. Did you know? Many a lot of people spent these people free time just watching TV, or maybe playing video games all day long. If you wish to try to find a new activity that's look different you can read a new book. It is really fun for yourself. If you enjoy the book that you simply read you can spent the entire day to reading a book. The book The Economics of Poverty: History, Measurement, and Policy it doesn't matter what good to read. There are a lot of those who recommended this book. These were enjoying reading this book. Should you did not have enough space to bring this book you can buy the actual e-book. You can m0ore easily to read this book through your smart phone. The price is not too expensive but this book offers high quality.

Samantha Smith:

People live in this new time of lifestyle always attempt to and must have the spare time or they will get great deal of stress from both day to day life and work. So , when we ask do people have free time, we will say absolutely indeed. People is human not a robot. Then we inquire again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer will probably unlimited right. Then do you try this one, reading textbooks. It can be your alternative with spending your spare time, often the book you have read will be The Economics of Poverty: History, Measurement, and Policy.

Malcolm Thurmond:

Do you one of the book lovers? If so, do you ever feeling doubt when you are in the book store? Try to pick one book that you just dont know the inside because don't evaluate book by its handle may doesn't work the following is difficult job because you are frightened that the inside maybe not while fantastic as in the outside appearance likes. Maybe you answer may be The Economics of Poverty: History, Measurement, and Policy why because the amazing cover that make you consider about the content will not disappoint anyone. The inside or content is fantastic as the outside or maybe cover. Your reading sixth sense will directly make suggestions to pick up this book.
